## A BILL

To provide for the establishment of the Cat Island National  
Wildlife Refuge in West Feliciana Parish, Louisiana.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. FINDINGS.**

4       Congress finds that—

5               (1) as the southernmost unleveed portion of the  
6       Mississippi River, Cat Island, Louisiana, is 1 of the  
7       last remaining tracts in the lower Mississippi Valley  
8       that is still influenced by the natural dynamics of  
9       the river;

1           (2) Cat Island supports some of the highest  
2 densities of virgin bald cypress trees in the Mis-  
3 sissippi River Valley, including the champion cypress  
4 tree of the United States, which is 17 feet wide and  
5 has a circumference of 53 feet;

6           (3) Cat Island is important habitat for several  
7 declining species of forest songbirds and supports  
8 thousands of wintering waterfowl;

9           (4) Cat Island supports high populations of  
10 deer, turkey, and furbearing mammals, such as mink  
11 and bobcats;

12           (5) forested wetland on Cat Island—

13                (A) represents 1 of the most valuable and  
14 productive wildlife habitats in the United  
15 States; and

16                (B) has high recreational value for hunt-  
17 ers, fishermen, birdwatchers, nature photog-  
18 raphers, and others; and

19           (6) protection and enhancement of the re-  
20 sources of Cat Island through the inclusion of Cat  
21 Island in the National Wildlife Refuge System would  
22 help meet the habitat protection goals of the North  
23 American Waterfowl Management Plan, signed by  
24 the Minister of the Environment of Canada and the  
25 Secretary in May 1986.
